

# Chicago Ridge Fire and Rescue

2nd QTR 2017

## Chief's Corner

The term fire department continues to become a misnomer for what our agency actually does on a daily basis, hence we have begun identifying ourselves as the Chicago Ridge Fire & Rescue Department. While the tradition has value in many respects, the services that we provide have evolved to meet our community needs and our agency is proud of that fact that we have made that evolution.

While we focus significant efforts on our new mission, we have not forgotten our traditional mission of providing fire protection and ensuring that our organization continues to be prepared to provide all services to the public that we protect. As an example of our ever-changing mission, the fire department was successful in bringing the Residential Rental Inspection program under the direction of the Fire & Rescue Department from the Building Division. This new program is slated to kick off August 1, 2017, and we are extremely excited about this new venture.

As some of our missions have changed, our mission to provide excellent customer service has not. That focus continues to drive every decision the organization makes. Thank you to our citizens, Mayor and Board of Trustees for your continued confidence and support.

## Spotlight

**Award for Life Saving efforts** — Three of our Firefighters were acknowledge for saving a resident who was on his last breath. They were presented an award and were personally thanked by the resident at the Village Board meeting on June 20, 2017. Captain Robert Eggert, Firefighter/Paramedics Jonathan Mills and David Spengel

## Emergency Response Activity

We have seen an significant increase in incidents this year over last. It was an active quarter for fires. The Chicago Ridge Fire & Rescue Department attended to and assisted multiple fire calls this quarter.
