OFFICE (708) 514-0045**

Fire Alarm Contractors

This is a list of alarm contractors that have done work in the Village of Chicago Ridge. This list is not provided as an exclusive list of contractors that can only work in the Village; this is only a reference for anyone that needs assistance finding a contractor. If you have a licensed alarm contractor that you would like to use, you may feel free to have them submit the proper documentation to the Village. The company names were picked from a box for placement order on the list and not ranked in any other order.

All contractors shall submit plans and a permit application to the Village prior to any work starting. If you have any questions about the permit process, please contact the Building Department at 708-425-7700. All alarms are required to be monitored by a UL listed central station or direct connect to Southwest Central Dispatch.

1. Advanced Fire & Security	708-385-2149
